**Gateway to hold community  
trunk-or-treat event**

Gateway Technical College's School of Protective and Human Services will hold a community trunk-or-treat event noon to 2 p.m. Oct. 16 on its Kenosha Campus, 3520-30th Ave.

The event will offer a safe and fun way for children to trick-or-treat this year during the COVID-19 pandemic and provide a way for their parents and older siblings to learn more about Gateway and the programs within the School of Protective and Human Services.

Children can trick-or-treat at 15 locations on the campus for candy or other goodies. There will also be a photo booth and children can gain a passport stamp at each location to get a prize at the end.

Check-in will be at Haribo Hall within the Madrigrano Auditorium on the Kenosha Campus.

Gateway Technical College's mission is to deliver industry-focused education that is flexible, accessible and affordable for our diverse community. The college collaborates with communities in Kenosha, Racine and Walworth counties to ensure economic growth and viability by providing education, training, leadership and technological resources to meet the changing needs of students, employers and communities.
